3. German in three levels

- New organization since school year 2019/2020 in Grades 2 6:
 Deutsch 1 / Deutsch 2 / Deutsch 3
- Deutsch 1 includes structures (e.g. vocabulary, grammar), which are especially important for students with a non-German-speaking background
- Deutsch 2 and Deutsch 3: increasingly demanding levels
- Advantages:
- Smaller groups enable a more individual and active approach the students have more speaking time
- Teachers are specialized on the specific requirements of their learning group
- Please always approach your child's German teacher for any questions
